Experience Exceptional Care
& Exceptional Customer Service

"Putting the 'care'
back into healthcare."

If you have been injured in a road accident & require physiotherapy, occupational therapy or exercise physiology to recover - Body Agility are here to help you feel better again.

Compulsory Third Party (CTP) insurance provides owners and drivers of Western Australian registered vehicles with cover for the cost of road accident injury treatment caused to others.

Learn More & Claim

Visit the Insurance Commission of WA for full details: www.icwa.wa.gov.au.

What to Bring to Your First Appointment

Please bring the following items to your initial consultation (or provide in advance):

- your GP (Doctor) referral
- your CTP letter of acceptance & claim number
- your insurance company details including Case Manager name, contact details (email, address, phone number) & billing details
- any relevant tests or scans.

Recover Well & Free Yourself From Pain

Physiotherapy

We have extensive clinical experience in the treatment of MVA injury rehabilitation, including:

- neck pain including whiplash
- muscle ligament strains & sprains
- other physical trauma
- spinal cord injuries
- serious and catastrophic injury
- back pain, headaches & more.

Occupational Therapy

Our Occupational Therapists are highly experienced with chronic pain management and can also help you with fine motor skills, hand-eye coordination, cognitive skills, recommend equipment or home modifications to assist you while you recover.

Speech Therapy

Our Speech Pathologists assist people of all ages with communication problems and a wide range of speech disorders.

Exercise Physiology

Our accredited Exercise Physiologists have extensive clinical experience to support improved physical functioning & quality of life for people who have been injured in a motor vehicle accident. Hydrotherapy is also available.

Body Agility
